

# **ST. GREGORIOS COLLEGE, KOTTARAKARA**

## **ANNUAL REPORT 2019-2020**

### **GREGORIAN CAMPUS RADIO**

College Radio is one of the last places on earth where advertisers don't dictate the play list, subversive speech is encouraged and strange sounds don't mean you should call the plumber. Young people across the nation are bringing back lost recordings, introducing the next big thing, embracing multiculturalism better than your average anthropologist and giving a voice to the millennial generation that shakes up the stereotype they have been saddled with.

Gregorian Campus Radio is a type of radio station that is run by the students of St. Gregorios College Kottarakara. Gregorian Campus Radio is the world of sounds. It is the medium of education, information and entertainment. It provides information and education in a very effective way. In the present day the electronic media have become very forceful and Gregorian Campus Radio is playing a vital role in SGC. Gregorian Campus Radio was launched in St. Gregorios College on 30/01/2019 and the Radio station formally inaugurated by H. G. Mathews Mar Theodosios, Metropolitan of Idukki Diocese and Manager of St. Gregorios College. The Gregorian Campus Radio would carry out weekly broadcasts every Friday from 1.00pm to 2.00pm. Each section would be anchored by two different students every week under the supervision of teachers in charge. Through the free-wheeling conversation between the student RJs, the radio would bring to the attention of the college student body the news highlights of the past week, information about the important days, along with the information on job, entertainment and higher educational opportunities.

Gregorian Campus Radio celebrated its one year anniversary in style on 31/01/2020. A key highlight of the day was the interactive session of students with RJ Febini Joseph and Rj Vivek Bhushan on the topic 'Becoming a Radio Jockey: Career Prospects and Essential Skills'. This was followed by the distribution of certificates to all student RJs of the Radio. Thereafter in lieu of regular Friday broadcasts RJs Febini and Vivek hosted a special edition of the Radio.

In conclusion, the academic year 2019-2020 may be said to be a fruitful year for Gregorian Campus Radio. However it is hoped that the activities of the current year may be a springboard to even bigger and better broadcast in the future.
