DR. SUMAN ALEXANDER
ST. GREGORIOS COLLEGE
KOTTARAKKARA

REPORT

The department of Zoology could effectively implement the bridge course within the stipulated time schedule. All the topics mentioned in the syllabus were successfully completed. Above all the faculty could interact with the students and their queries were cleared.

It helped to create a good rapport between the students and the faculty.

Through this programme students were made aware of the whole curriculum and university examination procedures. Thus the programme could create an interest among the students and they were very well motivated towards the subject
