PARENTS' FEEDBACK REPORT 2019-20

The Internal Quality Assurance Cell (IQAC) of St. Gregorios College, in association with the Parents Teachers Association (PTA) collects parents' feedback on curriculum and the overall performance of the college, annually. In addition to this, the IQAC distributes structured questionnaire to parents through online and offline modes. The objective of the feedback is to analyze the quality and content of the curriculum implemented in the college, the job orientation and employability, relevance of syllabus, role of curriculum in enhancing intellectual aptitude, and the contribution of the college in instilling values and ethics in students. In addition, the feedback evaluates the overall personality development of the ward and the facilities provided by the college such as library, laboratory and computers.

Through a systematic analysis of the responses of parents, this report tries to give a clear picture about the parent feedback system of the college. The responses on all the twelve questions in the questionnaire are analyzed below.
