Creating a Question Bank - Guidelines

1. Make a thorough study of the syllabus.

Questions must be set keeping in mind the objectives of the syllabus.

If a part of the syllabus is meant for a general study, questions based on that part should not expect a thorough knowledge of that area.

On the other hand, if a part of the syllabus requires a detailed study, the questions based on that part can test the knowledge of the area in depth.

2. Have a clear idea of the Distribution of Marks.

There may be questions carrying 1 mark, 2 marks, 4/7 marks, 10/15 marks.

The questions must be framed in such a manner that they can be answered in the word limit/page limit expected.

The same question should not be repeated for 1 mark, 2 marks ...etc.

Dear Sir:

Sacred Heart College, Thevera,(Autonomous) Cochin is revising the question bank in each subject so as to make it updated and comprehensive. Considering your wide experience in this field, "Ecology of culture systems and Aquatic Biology" we have identified you as an external expert to verify the question bank prepared in the department of Aquaculture. We hope that you will be kind enough to undertake this exercise.

The revision regulation demands that 30% of the questions in the three sections should be new apart from what we have given to you. The revised question bank may please be send to me at the earliest. The syllabus and prepared QB is attached herewith.

Thanking you

Yours sincerely

Dr. V.C.George
