ALUMNI FEEDBACK REPORT 2021-22

The comments of alumni are a crucial part of the analysis and improvement of the academic culture in higher education. After leaving the formal structure, Alumni can speak objectively about the difficulties they encountered with the curriculum, paying particular attention to its value in the job market. Through local members and Chapters abroad, the Internal Quality Assurance Cell (IQAC) of St. Gregorios College keeps strong connections with the college's Alumni Association. Both offline and online alumni curriculum feedback is gathered by the IQAC. A thoughtfully constructed questionnaire was used to collect the responses. Alumni are asked to rate the curriculum's importance and contribution to their current employment or academic endeavours. Additionally, it makes an effort to evaluate how morally, emotionally, and intellectually attached they are to the parental institution. Additionally, any curriculum components that need improvement are given special attention.

Through an exhaustive and precise analysis of the responses, this feedback report seeks to provide an overview of the alumni review system.
